[DISPATCHED TO THE OREGONIAN.]

EASTERN DATES TO NOV. 11.

### EASTERN STATES.

New York News.

NEW YORK, Nov. 10.—Jim Irving, who assaulted and seriously injured Deputy Marshal Dowley, was admitted to bail this evening.

It is rumored that evidence has been discovered against P. B. Sweeny, upon which it is proposed to ask his arrest. Chas. O'Conor is reticent on the subject.

It is reported that a number of the reform leaders will, immediately upon the assembling of the Legislature, ask the removal of Police Justices Ledwith, Dowling, Hogan, Standley and Cox.

It is said that a cordial meeting between Senator Fenton and Collector Murphy took place last evening, and the hatchet was buried.

Members of the Board of Aldermen are determined to demand their own appointment by the Mayor. In the event of his refusal, it is their intention to impeach him for fraud and incompetency, in having affixed his signature to the Keyser and Ingersoll warrants. Alderman Coman denies the latter part of the report, but says he has not an intention of vacating the office, and believes no certificate of election will be issued to the Aldermen chosen on Tuesday last.

A great indignation meeting, to denounce the Brooklyn Democratic Ring, was held to-night at the Brooklyn Academy of Music. The building was crowded. The Mayor presided. The President spoke at great length, proving that false counting of votes had taken place at the recent election, and declared that it was necessary to appeal to the Legislature for a law to require certain qualifications in inspectors of election. The governor should be changed and Commissioners abolished.

United States Attorney Tracy said a gang of twenty repeaters went around openly on election day and voted in almost every District and Ward in the city, with the connivance of the police. At least 10,000 fraudulent votes were cast, and the number polled was in excess of the full vote of the county.

Tweed Preparing for Flight.

New York, Nov. 10.—Rumors are current that Tweed is meditating flight. The Bureau of Municipal Corporation, composed of Chas. O'Conor and his associates, on the prosecution of the city plunderers, have information to this effect. In view of his having transferred so much of his property, and the overwhelming evidence against him, as well in reference to the Erie Railroad frauds as those against the city, it is contemplated on the part of the Attorney General to ask increase of his bail. No answer has been put in in Tweed's case, and no notice of appearance received.

Yesterday a number of workingmen waited on Tweed concerning their pay, and were treated with much obsequiousness, Tweed promising that pay rolls should be made out forthwith.

The *Tribune*, commenting on the subject of Tweed's flight says: "Let him escape now, and we should lose the fruits of the late victory. Let his punishment be hard labor in the State prison the rest of his life. This is demanded by every consideration of public and political morality."

From statements of Mayor Hall and several Aldermen to newspaper reporters, it appears that the old board of Aldermen are determined to contest the seats of the newly elected Board, and that the Mayor will stand by the present Board. This is disputed. However, should it arise, it will be settled on the meeting of the Legislature, when a thorough reorganization of municipal affairs will be had. Bills are to be prepared by the Committee of Seventy, abolishing all the offices held by Tammany or corrupt men in New York or Brooklyn; including the judiciary down to the police. Nothing short of a clean sweep will be satisfactory.

Abatement of Yellow Fever at Charleston.

CHARLESTON, S. C., Nov. 10.—The Howard Association at its meeting to-day passed a resolution giving notice that the prevalence of yellow fever has nearly ceased.

Georgia Affairs.

ATLANTA, Ga., Nov. 10.—The House passed a bill providing for the holding of a special election for Governor on the Second Tuesday in December. A section providing for special returns of election, other than according to the present law, was stricken out. Democrats contended that the integrity of the Republican acting Executive officer (Conley) should not officially be trusted.

It appears from Georgia papers that much alarm prevails under apprehension that the President will declare martial law in that State. Such is not the design, there being nothing in the present condition of any part of Georgia to approve such an act.

### WASHINGTON CITY.

Cause of Smallpox in Eastern Cities.

WASHINGTON, Nov. 10.—Prominent gentlemen attribute the prevalence of smallpox in Philadelphia and other cities, to the sale of buffalo robes taken from Blackfoot and Piegan camps where the disease prevailed three years ago. At that time they were forbidden to be sold to traders, but several months ago they disappeared from those neighborhoods and found their way elsewhere.

Cabinet Meeting.

WASHINGTON, Nov. 10.—All members of the Cabinet were present at the meeting to-day, which continued nearly four hours. The larger portion of the time was occupied on the results, so far, of Secret Service Committee, which were explained by Curtis, member of the Board. The Government and Spanish authorities have not arrived at an agreement respecting the *Hornet*, now at Port-au-Prince, menaced by Spanish vessels. A correspondence is now in progress between the Secretary of State and Minister Roberts, the former protesting against the design to seize the vessel, which is under the American flag.

### BY ATLANTIC CABLE.

French Affairs.

PARIS, Nov. 10.—In an interview, President Thiers authoritatively stated that when the Legislative Assembly meets in the beginning of December, the Government will propose to end the provisional regime and establish a definite republic.

Spanish Affairs.

MADRID, Nov. 10.—The Cortes to-night passed a vote of confidence in the existing Government by 191 to 136. The Radicals abstained from voting.

### CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Nov. 11.—Ex-Superintendent R. H. Canavan fell in an epileptic fit again on the street yesterday, but speedily regained consciousness. His physician anticipates an early recovery.

Subscriptions in aid of Capt. Hopkins, of the *Shelalagh*, who is reduced to poverty by his shipwreck, and has a family dependent on his exertions, are being taken up at the Merchant's Exchange. George R. Dicky, many years proprietor of the Ocean House, has filed a petition in bankruptcy. Liabilities, $27,150; assets dependent on the result of lawsuits now pending, $100,000.

The committee appointed to raise subscriptions in behalf of the farmers of San Joaquin valley, has issued a prospectus of the Joint Stock Farmers' Loan and Relief Association. They hope in this way to relieve the necessities of San Joaquin farmers, and enable them to raise a crop, and eventually to return to the subscribers the amount advanced.

A private dispatch from Grass Valley says the managers of the Miners' Home Gift Festival have determined that the drawing shall come off on the 15th inst. No tickets will be canceled or prizes reduced, but owing to prosecutions having rendered the business a losing one, the other schemes announced will be withdrawn, and this will be the last affair of the kind in the State, unless the Proceeds, or one of those at Sacramento is drawn.

Governor Haight and Hon. Newton Booth have united in a letter Charles A. Tuttle and Sydney L. Johnson, inviting them to thoroughly examine the codified laws of California as completed recently by the Commissioners, and give the Legislature their opinion and advice on the work, that body making an appropriation to compensate them for their trouble.

Sixty-one deaths occurred in San Francisco the past week, and six cases of still birth are reported.

A number of Chinese cigar factories were seized this evening by the U. S. Marshal, on a charge of defrauding the United States revenue by fraudulent returns of cigars manufactured.

John Cosgrove and James Dorsey were arrested this evening for highway robbery, alleged to have been perpetrated on Martin Doran.

William Winter—whose son, a well known business man, committed suicide here about a year since—dropped dead in the office of the Occidental Hotel this evening.

The receipts of oysters from Shoalwater Bay within the past two days amount to 12,500 baskets.

At the Pacific Track (Alameda) to-day, the running race, three miles and repeat, between Trumbull and Pilibox, was won by Pilibox in two straight heats—time, 5:53½ and 5:56½. He could have done it in less time. The second race, two miles and repeat—first heat won by Tom Chandler; second and third by Thad. Stevens—time, 3:55, 3:50, 4:06. Ashtenan and Fikhorn will come together again next week on the half mile track on the Cliff House Road. In several races next week fast time is looked for.

INTERIOR CALIFORNIA DISPATCHES.

News from Various Places.

GILROY, Nov. 11.—The driver of a lumber team, named Kehoe, was thrown from a wagon and had his leg fractured. His skull was also fractured in two places. Injuries serious but not fatal.

The works of the Gilroy Water Company are rapidly approaching completion. The Superintendent expects to supply the city some time next week.

HEALDSBURG, Nov. 11.—Steve Venard and the Sheriff's party to-day captured Sampson, Bigfoot, the Indian, and Brown, three more of the Cloverdale stage robbers, and lodged them in the Ukiah jail. There are numbers more who are suspected of belonging to the gang.

PETALUMA, Nov. 11.—Flora Meyers, the Jewess charged with being accessory to the murder of Levy, was brought up to-day for examination and remanded to jail to await the action of the Grand Jury.

### NEVADA.

Miscellaneous News.

HAMILTON, Nov. 11.—John Sates is sentenced to imprisonment for life in the Penitentiary for killing James Mack in this city six months ago.

Six inches of snow fell to-day.

VIRGINIA, Nov. 11.—Trains are now running regularly between Virginia and Carson.

High wind with snow this afternoon.

### ARIZONA.

Stage Attacked by Indians and Six Persons Killed.

LOS ANGELES, Nov. 11.—From the San Bernardino *Guardian* we get the following: "On Monday morning the stage left Wickenburg with seven passengers for San Bernardino. When about ten miles out from Wickenburg it was attacked by about thirty Apache Indians. At the first fire the two passengers on the outside of the coach with the driver were killed. Inside of the coach were five passengers, three of whom were killed. Wm. Ruger of Prescott and Miss Mollie Sheppard were wounded, and escaped to the brush. Mr. Ruger defended himself and Miss Sheppard with a six-shooter. The Indians did not follow them, and they escaped and reached Wickenburg, though both are severely wounded. The killed are Fred Shoblom, F. M. Loring, N. N. Solomon, P. M. Harned, C. S. Adams and the driver, John Frits. The bodies of two men were found fifty yards from the stage scalped. They plundered the baggage and mails, and killed one horse. Everything here is excitement. Parties went out and brought in the bodies of the dead, with the scattered mails and baggage. The wounded are here and cared for. Parties are to start in pursuit this morning."

### THE TERRITORIES.

John Haley is about to establish a soap and candle factory at Boise City.

George Shadaw has been tried and found guilty at Vancouver of having attempted to palm off a belt filled with round pieces of iron as good and available security for $400.

The Garfielde and anti-Garfielde factions in Washington Territory are at it, hammer and tongs. The Olympia *Tribune* attacks Garfielde and the Vancouver *Register* defends.

The Kalama *Beacon* has been fully adopted as the organ of the N. P. R. R. Company, and is now furnished with an office free of rent and is patronized extensively in other ways.

The Vancouver *Register* has this: Special Constable Jacob Isaacs arrested Lewis Miller, of Lewis river bottom, on Saturday last, under a charge of incest by living in adulterous cohabitation with his own sister, but before the officer had time to wink, after reading the warrant of arrest, the prisoner gave "leg bail" and took to the brush and has not as yet been recaptured.

The Mormons consistently inform the country that they have no intention whatever of offering any resistance to the officers in the execution of the laws. They are vastly magnanimous. The railroad has opened their eyes, and changed their tone in this respect, as well as in many others. It makes considerable difference whether Uncle Sam can throw in a 100,000 soldiers and crush them at once, or not.

### POLITICAL NOTES.

The Boston daily *Advertiser*, in commenting on Senator Sohurz's, speeches says significantly: "When criticism sinks into chronic fault finding, and the critic becomes a common scold, he ceases to be an object of vital interest."

Said Senator Trumbull recently: The credit of the Government has been restored, and with its vast debt we can borrow money to-day at less rates of interest by one half than when the war began, and the Republican party took possession of the Government.

Now let Democracy rejoice! One of their organs in this State presents the following highly gratifying news: In Boon county, Iowa, where the Republicans have heretofore had a majority of 300, the Democrats lately elected their Sheriff, Auditor and School Superintendent.

Cumberland Presbyterian Presbytery.

TO THE EDITOR OF THE OREGONIAN:

SIR: The Oregon Presbytery of the Cumberland Presbyterian Church met in McMinnville on Wednesday, the 1st of November, 1871. A very harmonious and pleasant session was held. The 4th Sabbath of this month was appointed as the day for dedicating the new church edifice in Salem. Rev. Neill Johnson was appointed to deliver the sermon on the occasion, and Rev. T. H. Small to offer the dedicatory prayer. It is expected that a protracted service will be held during the week. The brethren of the Church throughout the valley and all who are disposed to attend are cordially invited. Revs. Neill Johnson, T. H. Small, A. W. Sweeney and J. M. Reed were appointed to attend a general Temperance Convention to be held in the city of Salem on February 22d, 1872. The Presbytery will hold its next stated session in the C. P. Church, Salem, beginning on Wednesday next preceding the fourth Sabbath in April, 1871.

S. W. SWEENEY, Clerk.

McMinnville, Nov. 6th, 1872.

In Chicago, since the fire, there are among the "aristocracy" about 40 carriages and pairs of horses to one house, as these first were mostly saved; so that beggars ride where beggars never rode before.

## LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

### EASTERN STATES.

Railway Disaster in Missouri—Mississippi Election.

ST. LOUIS, Nov. 11.—Two passenger cars were thrown from the track of the North Missouri Railroad, near Wellsville, last night. Two persons were killed and twenty or thirty wounded, several it is feared mortally. No details have been received.

The *Avalanche's* Jackson Mississippi special to-night says the election was the most orderly ever held in the State. Semi-official returns show that the House is Republican by sixty-one to fifty-three Democrats and two Independents. For the Senate the Republicans have 24; Democrats, 12—a large Democratic gain.

Proclamation by the President.

WHEREAS, By act of Congress entitled an act to enforce the provisions of the Fourteenth Amendment to the Constitution of the United States and for other purposes, approved on the 20th day of April, 1871, power is given to the President of the United States, when, in his judgment, the public safety requires it, to suspend the privilege of habeas corpus in any State or part of a State; now, therefore, I, Ulysses S. Grant, President of the United States of America, by virtue of authority vested in me by the Constitution and act of Congress aforesaid, hereby declare, in my judgment, that the public safety especially requires that the privileges of the writ of habeas corpus be suspended to the end that rebellion may be overthrown, and do hereby suspend the privilege of the writ of habeas corpus within the county of Union, in the State of South Carolina, in regard to all persons arrested by the Marshal of the United States for said district of South Carolina or by any of his deputies, or by any soldier or citizen acting under orders of said Marshal, deputy or military officer within said county, charged with any violation of the act of Congress aforesaid during the continuance of such rebellion. In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington, this 10th day of November, in the year of our Lord 1871, and of the Independence of the United States of America the 96th.

French Affairs.

PARIS, Nov. 11.—The Prince de Chigi Albani, Papal Nuncio, had an interview with Count De Remusat, Minister of Foreign Affairs, yesterday. The *Constitutionnel* to-day says that they discussed the forthcoming protest of the Pope, in which he will be declared sole King of Rome, and will announce his determination to hold no official intercourse with any foreign representatives of that Court or near the person of Victor Emmanuel.

It is stated here that the first duties of the Duke Harcourt, on his arrival at Rome will be to present to Cardinal Antonelli the formal protest against the publication of the French Minister's confidential correspondence with the Pontifical Secretary of Rome.

### Through Railroad Connection.

If there be one thing which Oregon wants more than all things else, it is through railroad connection with the Eastern States. Local railway enterprises have, indeed, done much for the State and will do much more; but so long as we are without a railway to unite us with the East, we shall be in a condition of isolation; and the growth of our population and industries must be comparatively slow. People who would come to Oregon cannot get here with speed and convenience. To many, the trip from San Francisco, either overland or by sea, seems difficult and formidable. Even more difficult is the trip through Idaho, from the railroad. It is probable that within a few years we shall have connection through Southern Oregon with the lines of the Central Pacific; but no one can yet form any definite idea as to when this result will be achieved. True, the lines at either end are approaching each other, but it is to be remembered that many hundred miles are still to be built, and that within this space is embraced by far the most difficult portion of the whole route. And were this route now completed it would still be a roundabout way of reaching Oregon from the East; preferable indeed to any route of access now existing, but still not what is wanted for the full accommodation of the State. The Northern Pacific will ultimately give us connection with the East, but this also is an indirect route. For a direct route the proposed branch from Salt Lake presents advantages for the larger part of Oregon over all others. It is for this road that a land grant is now to be sought. The opposition to the policy of land grants, which has grown up within the last few years, will make the accomplishment of this object difficult. Still, if the case be presented to Congress in a proper light and on a proper showing, the difficulty may not be insuperable. A memorial on the subject, to be addressed to Congress, will be circulated here this week, and no doubt it will be generally signed.

### The Supply of Wheat in Europe.

In the New York *Tribune* of October 25th very full reports from correspondents in Europe relative to the cereal crops of the present year in that country are published. It is claimed that the estimates are very reliable, having been made up after all the grain was gathered and stored. A very deficient crop of wheat is reported in France, with an average crop of rye, barley and oats. A large deficiency of breadstuffs in that country is certain. This deficiency is estimated at from one-fifth to one-fourth of an average crop, and France will be compelled to spend before her next harvest $100,000,000 in buying breadstuffs abroad. In the north of Europe a deficient crop is also estimated. In Saxony, Hanover, Westphalia and other parts of Germany, the wheat crop was almost a total failure, and at the date of the *Tribune's* report (October 3d) buyers had "already inundated the Berlin market with purchasing orders." Reports from European Russia are better, but even there the crops of wheat and rye are not so full as in some years. In that country the cold seems latterly to have been increasing, and it is said that the harvests of wheat are suffering from it. In Italy the supply of grain is fair, but not large, and there will be but little to export. The general result of the investigation respecting European crops is that there exists a deficiency which will cause for some months more than the usual demand for wheat from America. Hence, although the market has weakened somewhat of late, we do not look for any considerable abatement of demand or prices.

In the Woman Suffrage Convention at Olympia on the first day there was a lively discussion. It was something new and the thing awakened a good deal of interest. But, according to the *Tribune*, on re-assembling the second day, there was a visible subsidence of the ferment. That paper thus closes its report: "The novelty of the thing is wearing off. Many having seen how it works, manifest no further interest in the movement. It reached its culminating point yesterday and will now decline until it is absorbed by questions of more vital importance to our people." We guess there is a good deal of truth in this opinion.

The *Herald* calls the great central organization of its party, "villainous Tammany." The Chief of that organization has been elected to a high office by an immense majority. Democratic votes did it. The question now is more "villainous" than the party that thus stands by Tammany's Chief.

An Olympia paper has it "on good authority" that the Northern Pacific Railroad Company have decided to connect with some point between Olympia and Tacoma, by a branch from the Columbia river line, postponing the ultimate extension of their line down the Sound for a few years.

### The Last Whaling Fleet.

Before the abandonment of the whaling fleet in the Arctic Ocean the following document was drawn up and signed by the masters of all the wrecked vessels, thirty-three in number:

POINT BELCHER, ARCTIC OCEAN,
September 12, 1871.

Know all men by these presents, that we, the undersigned, masters of whaleships, lying at Point Belcher, after holding a meeting concerning our dreadful situation, have all come to the conclusion that our ships cannot be got out this year, and there being no harbor that we can get our vessels into, and not having provisions enough to feed our crews to exceed three months, and being in a barren country where there is neither food or fuel to be obtained, we feel ourselves under the painful necessity of abandoning our vessels and trying to work our way south with our boats, and, if possible, get on board of ships that are south of the ice. We think it would not be prudent to leave a single soul to look after our vessels, as the first westerly gale will crowd the ice ashore, and either crush the ships or drive them high upon the beach. Three of the fleet have already been crushed, and two are now lying here out which have been crushed by the ice, and are leaking badly. We have now five wrecked crews distributed among us. We have barely room to swing at anchor between the pack of ice and the beach, and are lying in three fathoms of water. Should we be cast upon the beach, it would be at least eleven months before we could look for assistance, and in all probability nine out of ten would die of starvation or scurvy before the opening of spring. Therefore, we have arrived at these conclusions, after the return of our expedition under command of Captain D. B. Frazer, of the *Florida*, he having with whaleboats worked to the southward as far as Blossom Shoals, and found that the ice pressed ashore the entire distance from our position to the Shoals, leaving in several places only a sufficient depth of water for our boats to pass through, and this is liable at any moment to be thrown over during the twenty-four hours, which would cut off our retreat even by the boats, as Captain Frazer had to work through a considerable quantity of young ice, during his expedition, which cut up his boats badly.

[Signed by the Masters.]

Kalama has a "suburb." It is two miles east of the "new Chicago." At present it is a cabbage patch, but it has a brilliant future.

## PACIFIC COAST DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

### CALIFORNIA.

#### From San Francisco.

SAN FRANCISCO, Nov. 12.—Arrived—Steamship *Prince Alfred*, from Victoria.

Weather warmer and cloudy—wind fresh west—every indication of a storm.

By the *Prince Alfred*, from Victoria, came Captain Barker, of the whaleship *Japan*, of New Bedford, and Captain Hayes, of the British bark *Oriole*, of Melbourne. They report that when the *Japan* was wrecked at East Cape last year, as previously reported, eight men were drowned and Captain Barker and the remainder of the crew suffered terribly, being compelled to live on putrid whales, went during winter in the Esquimaux huts, until they reached Plover Bay, in the spring, where they joined Hayes, of the *Oriole*, and crew, whose vessel had been wrecked in Behring sea. In June they started together on the schooner *H. B. Bourne* for St. Michaels, hoping to intercept the schooner *Seattle Pioneer*, for San Francisco, but arrived after her departure. They then went to St. Paule, and from thence to Alaska, missing connection with any vessel at either point. Finally the *Bourne* became unseaworthy that they abandoned her and reached the United States revenue cutter *Reliance*, which took them to Sitka. There, missing the *Gussie Telfair*, but, after waiting thirty-three days, got on the *Geo. S. Wright* and reached Nanaimo from whence they went to Victoria, and came thence on the *Prince Alfred* to San Francisco. Captain Barker and the survivors of his crew look long in the face given up as lost, and their friends at the East will welcome them as risen from the grave.

John McNichols was arrested this evening charged with highway robbery.

There is much interest felt by the officers of the flag ship *California*, now in port, to know where they will be ordered. The steamer will sail probably for Honolulu or the Mexican coast about two weeks.

### INTERIOR CALIFORNIA DISPATCHES.

TRUCKEE, Nov. 12.—A. Remington, of Keysville, New York, who arrived a few days since, was taken suddenly ill and died last night. He was well known as one of the largest ice dealers in the United States. His remains will be sent East to-morrow.

Snow fell yesterday to the depth of two inches.

### NEVADA.

CARSON, Nov. 12.—The recaptured convicts were arraigned in the District Court yesterday and plead to the indictment for the murder of F. M. Isaacs. After reading the indictment the prisoners were assigned counsel and remanded to the county jail.

### UTAH.

SALT LAKE, Nov. 12.—Accounts from Bovo represent all manner of outrage pending suits of the Eureka Mining Company versus King David and May Henrietta Companies. Two witnesses for the defendants were assailed with slung shots, and were badly injured, and the Superintendent May Henrietta was shot at twice, but narrowly escaped with his life. The miners unanimously espouse the cause of King David and May Henrietta.

The *Herald* this morning publishes a letter from St. George relative to the Conference, but not a word in regard to Brigham Young. This is remarkable, as hitherto every movement of Brigham, when away from the city, has been reported daily by letter and telegraph.

The re-opening of the U. S. District Court, and the re-assembling of the Grand Jury to-morrow is anticipated with much interest. It is understood that Hosea Stout, confined at Camp Douglas under indictment for murder, with Mayor Wells and others, made application to the Supreme Court of the United States for release upon a writ of Habeas corpus.

### ARIZONA.

LOS ANGELES, Nov. 12.—The public indignation against Colfiger and his Indian policy in Arizona is widespread and universal. Those of Arizona without exception condemn his course. Indian murders are on the increase since his tour on a mission of peace.

The Prescott (Arizona) *Miner* says that Gen. Crook and aide started for Camp McDowell and intermediate posts on Thursday, the 2d inst.

New silver mines were recently discovered. The ledges are small, from twelve to eighteen inches in thickness, but the rock is very rich, assaying not less than one thousand dollars per ton.

The Los Gatos (New Mexico) mail brings news of the robbery of the mail between Elizabethtown and Carson City by highwaymen, and five hundred dollars of Government funds were stolen. The passengers were not molested.

### OREGON.

The Dalles is enjoying a better trade and more prosperous season than for many years.

A Republican Convention is called at Salem to nominate candidates for municipal offices.

Two million five hundred thousand bricks have been laid in the walls of the new penitentiary.

A man named William Cornwall, a native of England, residing in Wasco county, was taken one night last week with a severe fit of coughing, and to get relief, he arose to go to the door and fell dead.

From the Albany *Register* we learn that Judge Thornton has sold his fine 700-acre farm in Benton county, just across the river from Albany, to Dick Williams, Esq., of Salem, for the sum of $8,000. Judge Thornton will remove to Salem.

The Jacksonville *Sentinel* says: Our city fathers had under consideration the question of passing a new ordinance prohibiting boys from carrying fire arms, and if they had passed it they would have obviated us out of some interesting items which we are looking for every day, in the shape of some sad accident by the careless use of guns and pistols.

On a recent Sunday, while the people of King's valley, Benton county, with all their dogs, assembled in a neighboring school house for worship, the solemnity of the occasion was disturbed by a deer which had concluded that its rights were somewhat imposed upon. The deer passed within a few feet of the church window, and was observed by the ministers, which raised a yell and ran in every direction making music as they went.

Two railroad routes have been surveyed through Yamhill county, one crossing the Yamhill river below Lafayette and the other some distance above. McMinnville supposed she had a sure thing on the railroad, but since the Lafayette route has been surveyed it is reported that McMinnville's barber has increased his charges one-half for shaving the citizens of that town, in consequence of the elongation of their face.

From the *Statesman*: We learn that the prospecting party which is at work in the Santiam mines, about six miles above Quartzville, has been running in under a mountain to strike a rich vein of lead ore, and in going fifty feet has struck three blind ledges very near to each other, without reaching the vein for which they were drifting. The veins which have been reached give promise of richness, and an attempt is being made to pack out enough to take to San Francisco for a practical test. One of the veins is described as from two to three feet wide, forming a cavity, the walls of which are cased with mineral, varying from two to eight inches in thickness. This mineral is almost pure lead, with a trace of gold and silver, which assays show exist to the value of $50 to $100 per ton. There is something worth having, and plenty of it, in those same Santiam mines, and we hope to see the perseverance of those prospectors richly rewarded, as it seem likely to be.

### NEWS CONDENSATIONS.

Part of Chicago's debt—$2,500,000—was incurred at the beginning of the rebellion in raising troops and forwarding arms and supplies to meet the emergency of the Government. An effort will now be made to get the Government to assume this debt and refund the money to Chicago.

The leading journals of continental Europe have devoted considerable space to the Tammany frauds, and most of them speak of the subject to the discredit of Republican institutions. The Augsburg *Gazette* says: The laws of the American Republic are such as to render the deserved punishment of these men (the Tammany plunderers) a matter of considerable difficulty—nay, almost an impossibility; the more so as the judges are all politicians, and elected by the ignorant rabble. So the plunderers seem entirely unconcerned at their fate, and defy the honest part of the community. The whole thing is sickening. Let us thank God that it could never happen under our institution.

### THANKSGIVING.

A PROCLAMATION BY THE GOVERNOR OF OREGON.

Pursuant to long approved custom, and in thankfulness for the blessings of peace, general health, and abundant harvests, exemption from unusual disasters by fire and flood, and distresses of disease, which have characterized this State during the past year, I recommend that Thursday, the 30th day of November, 1871, be observed by the people of Oregon, as a day of general Thanksgiving and Praise to Almighty God for these manifold favors.

Given under my hand and seal of said State, at the Executive office, in Salem, this 8th day of November, A. D. 1871.

L. F. GROVER.

By the Governor:
S. F. CHADWICK, Secretary of State.

Col. David Stanton, Auditor General elect of Pennsylvania, died suddenly at his residence at New Brighton in that State on 5th inst., from the effects of hypodermic injection of morphine, self-administered, to relieve pain from an attack of hesper. The physicians believe that in making the injection he punctured a blood vessel. He was elected Auditor-General only last month by a large majority—the office being the leading one to be filled in the election in that State this year.

There were thirty-three vessels of the whaling fleet abandoned in the ice, and it is believed by the masters that they were all destroyed in a few days. It is estimated that the fleet had on board 15,000 barrels of whale oil, 1,500 barrels sperm, which is valued at about $310,000. They had on board about $50,000 of bone. The total loss of vessels and cargo will be over $1,800,000.

### REMARKABLE CURE OF THE DEPUTY JAILER OF MULTNOMAH COUNTY JAIL.

"The work goes bravely on." Case No. 5,240—Second series.

CITY JAIL, PORTLAND, OREGON,
June 7, 1871.

A. M. LOMAX & Co.: I was attacked with a severe case of rheumatism. It was in my thighs, hips, fingers, shoulder blade—indeed in all the joints of my body I suffered great pain and anguish. I was confined by a regular physician, but with no effect. I was induced to try your Uric Weed Remedy, and it immediately cured me up. I consider it, from my experience, the best remedy for rheumatism known.

ALFRED P. TURNER, Deputy Jailer.

This is to certify that the above statement is correct to my own knowledge. JOHN P. WARD, Jailer.

MONDAY MORNING, NOV. 13, 1871.

## CITY.

ASSAULT WITH INTENT TO KILL.—A couple of men named Sawyer and Johns were arrested on Saturday night on the charge of assault with intent to kill. The complainant, who is employed on the *Fannie Troupe* as a waiter, and who goes by the name of "Frenchy," alleges that the accused assaulted him with a knife, and that he received, while attempting to ward off the blow, several wounds in his arm and hand. It appears, however, from the story of other parties that "Frenchy" and Johns, who is the cook on board the *Fannie Troupe*, were running around the city on Friday night, drinking quite freely, and, as a result, became fighting drunk. While in this condition they were met by Sawyer who accompanied them to the boat, where a free fight was improvised in which a carving knife was freely used, resulting as stated above. Sawyer claims that he was a silent spectator to the transaction, and in no way was he connected or interested in the attempt to butcher "Frenchy." The matter will be looked into this morning in the Police Court.

THE PERJURY CASE.—The examination of "Wrestling Joe," or Davidson, as is claimed by some, was continued over Saturday on account of the severe illness of the defendant and his total inability to be in attendance upon the session of the Court. On Saturday night a report was current that the old man was in a dying condition, and was not expected to live through the night. Although very low, the report somewhat exaggerated his condition. Yesterday he was some better, but still very ill, and appearances would indicate that he would not be able to quit his room for sometime to come. The examination, therefore, will necessarily be postponed until such time as the defendant shall have recovered his health sufficiently as to be able to make his appearance in Court.

MR. ROSENBERG'S LECTURE.—It needs no word from us to induce the public to fill the court house room to its utmost capacity on the occasion of Mr. Rosenberg's lecture to-morrow (Tuesday) evening, before the Washington Debating Society; the speaker's well-known ability in handling his subjects, and the deserved popularity of the Society before whom he speaks, will of themselves attract a large audience of our most refined and cultivated citizens. The idea seems to be somewhat prevalent that the court room is not a desirable place for ladies to attend public lectures, but such is not the case. The room has been lately renovated and recarpeted, and will be cleaned and rendered warm and comfortable for all who may wish to listen to the lecturer.

A HIT AT SOME ONE.—An up country paper, referring to one of our contemporaries, says: "It is a common failing with superficial minds to display at all times and under all circumstances their stock of learning. They can't write twenty sentences without a quotation from either French or Latin. Now the general reader is not supposed to understand either language. The paper in printed in English, and it is reasonable to assume that any writer of ordinary ability can express his ideas in the same language. This attempt at display is an evidence of weakness pitiable in him that uses it." Who the paper refers to we are at a loss to know.

FILTHY.—If we had such a thing as a Board of Health in this city, we should undoubtedly call its attention to the filthy condition of the streets in the vicinity of the Chinese quarters, and more especially would we insist upon the removal of the accumulated filth that is to be found in the back yards of the premises occupied by Chinese on Second street. The effluvia arising from these cess pools is simply horrible. As we are without a Board of Health, we shall be compelled to content ourselves by simply referring to the nuisances, and with that cease our fault-finding.

SCHOOL LANDS.—The clerk of the State School Land Commission passed through the city on Friday for Eastern Oregon, where he goes to locate the indemnity school lands for the La Grande District. He is under instructions, we understand, to visit the different offices of the local agents scattered throughout Eastern Oregon and inspect their books, and on his return report the same to Hon. Thos. Cann, who is acting as the head of the Bureau for the location and disposal of the State lands.

A LONG SLEEP.—One of the Eugene City papers in a table purporting to give the population of the cities and towns of this State, credits Portland with a population of but 3,981. It is evident that the author of that table has been asleep for the past fifteen or twenty years, and, waking suddenly, supposes the world has in no wise moved or changed since he went into his somnolent state.

FOR CHINA.—The bark *Garibaldi* leaves this morning for Hongkong. She takes away in the neighborhood of two hundred and fifty pig-tailed passengers, a majority of whom are going simply for the purpose of spending the coming Chinese New Year in their native land, returning here soon as that holiday is over.

CASCADE PORTAGE.—A suit, in which Ben Butler figures as one of the plaintiffs, for the possession of the property now held by the Oregon Steam Navigation Company at the lower Cascades, is pending before the District Court now in session at Vancouver. The suit is also brought to recover $100,000 damages.

ASK NO QUESTIONS BUT SIGN.—Every person should be ready to sign the memorial to Congress for aid to the Portland, Dalles and Salt Lake Railroad Company. It is an important matter. Don't delay the canvassers by asking for an explanation. Sign it and let them *toddle* on.

WILL BE HERE.—We understand that the young girl who was the victim of the machinations of Foster, will appear against him before the grand jury, and, accordingly, there need be no fears that he will escape punishment owing to the absence of the prosecuting witness.

CIRCUIT COURT.—The November term of the Circuit Court commences this morning. There are over two hundred cases docketed for trial at this term. These, with the criminal business on hand, would indicate that the term will be an unusually long one.

RAIN.—This locality was visited yesterday by the heaviest rainfall of the season, continuing throughout the day, and indicating a continuance for several days to come.

LAW SUIT CONTINUED.—In the case of Holladay et al. vs. Elliott et al, stipulations were filed last Friday for a continuance of the case to the 20th of next January.

MORE AID.—Mayor Wasserman has been notified by J. B. Morris that the citizens of Sheridan have subscribed $50 for the relief of the Chicago and Wisconsin sufferers.

WOMAN SUFFRAGE.—Miss Susan B. Anthony, prior to her departure for the Eastern States, will lecture at Ore Find Theater on Wednesday evening next.

THANKSGIVING DAY.—Governor Grover has issued a proclamation designating Thursday, November 30th, as a day of thanksgiving.

OPPOSITION.—The steamer *Carrie* is undergoing repairs preparatory to taking her place on the river as an opposition boat.

ON HAND.—The greater portion of those out on bail to appear before the grand jury, have already put in an appearance.

DISCHARGED.—The United States Grand Jury having completed its labors was discharged on Saturday.

STOVES.—The Oregon Iron Works turns out on an average about a dozen stoves a day.

FOR SAN FRANCISCO.—The *Ajax* sails this afternoon at 3 o'clock for San Francisco.

### AMUSEMENTS.

BACHELDER'S PANORAMA.—This panorama, which has been on exhibition in this city for the past week, and regarded by all who have seen it as a work of art, will be exhibited during the present week in the towns up the valley.

A WORD TO THE WISE IS SUFFICIENT.—Be it known to the People of Portland and the surrounding country, that at the extensive clothing establishment of Kohn & Pinkus, 91 Front street, they are selling new and stylish goods for Fall and Winter wear at prices that are astonishingly low. Call at this House and examine the large stock of Clothing and Furnishing Goods. You will come away satisfied.

### LOCAL BREVITIES.

From one of our contemporaries who has been "doing" the public schools, we learn that the number of teachers employed in this city is twenty; and that the number of children able to attend school in the district is two thousand and seventy, of which number but one thousand really attend. A very bad showing. There certainly must be a mistake somewhere. The amount of money expended on the schools during the past year was thirty thousand dollars. The school property of the district is valued at one hundred and twenty-five thousand dollars.

It is reported that Mat Bledsoe, who was sent from this county to the penitentiary for ninety years for murder in the second degree, is soon to be pardoned. To turn a "sick man" out in such weather as this would be inhuman. Better let him stay where he is till the weather moderates.

A boy named Herrington was, on Saturday, thrown from a horse and badly injured.

A contemporary has been figuring on the saloons in this city, and has come to the conclusion that Portland, for its size, contains more drinking places than any other city in the United States. A fine opening is here offered for a first class temperance sermon.

There are at present 86 pupils in attendance upon the Bishop Scott Grammar School.

One of the sailors of the ship *Bristolian*, now lying in the lower Columbia, fell overboard on Friday last and narrowly escaped drowning.

A Chinaman while engaged in chopping wood so chopped his left foot that amputation will be necessary.

The young ladies of Astoria have subscribed $45 for the relief of the sufferers by the late fires in the Western States.

Close upon a good article of wear or other invention, follow numerous counterfeits, and so, too, when a man has established a good business and earned for himself popularity, there are some who, envying the man's enterprise and success, are willing enough to resort to almost any means to damage him and secure for themselves that trade, and wherein certain persons have circulated reports that Mr. Barman has retired from business and left Portland, we will say for the benefit of his numerous patrons and the public that all such reports are utterly without foundation. On the contrary, Mr. Barman's business continues steadily to increase, and the better to facilitate trade and accommodate his customers, he has leased for a term of years the elegant brick store, corner Washington and Front streets, where he will be pleased to meet his patrons. He will keep constantly on hand a large and well selected stock of Fashionable Clothing, Men's Furnishing Goods, etc., and at prices that defy competition.

OFFICE M. W. G. M., I. O. O. F.,
EUGENE CITY, Oregon, Oct. 14, 1872.

*To the members of the I. O. O. F. of the jurisdiction of Oregon:*

BRETHREN:—In view of the late calamitous fire in the city of Chicago and the consequent sufferings of our brethren in that city, each Lodge is hereby recommended to make such donations for their relief as they may feel themselves able to do, and that such amounts be forwarded to Bro. Grand Master.

VALUABLE AND RELIABLE.—"BROWN'S BRONCHIAL TROCHES" will be found invaluable to those exposed to sudden changes, affording prompt relief in cases of Coughs, Colds, etc. For Public Speakers and Singers' and those who over-tax the voice, they are useful in relieving an Irritated Throat, and will render articulation easy. *As there are imitations, be sure to obtain the genuine.*

TESTIMONIAL.

We the undersigned having been the recipients of the services of Mrs. M. C. White in teaching the science of Music on the Pianoforte, take pleasure in giving a hearty testimonial that we have employed her in our families as a teacher of her "New Method of Instruction," and that it has proven superior to any method we have ever known. And that although this first cost may be a trifle greater than some others, we believe it to be in the aggregate much cheaper, beside being a great economy in point of time. We, therefore, take pleasure in recommending her to the patronage of all who may be desirous of obtaining a musical education, as a very superior instructor.

To those who desire to know more about it before increasing any expense, we give a cordial invitation to call at our house and interview any pupils.

What Dyspepsia may End In.

Indigestion is not dangerous say the faculty. Perhaps not in itself, while it remains mere indigestion; but look at the consequences to which it may lead, and often does end when it becomes a chronic disease. A spark of fire is a small thing. A prudent of the foot will put it out; a breath will extinguish it. Yet it may fire a powder mill, or kindle a flame that will consume a city. In like manner indigestion may produce gastritis, cancer of the stomach, congestion of the bowels, apoplexy, liver disease, and many other dangerous maladies. Is it not wise, then, to check it in the germ? Nothing is more clearly and indisputably established than that Hostetter's Stomach Bitters will eradicate dyspepsia in all its stages. The true policy, however, is to extinguish it in the first stages with this wholesome, powerful, and infallible tonic and alterative. It is easier to quench a spark than a flame, and it is easier to cure dyspepsia when it is first developed than when it has made headway by neglect, and become complicated with other ailments. There is not the shadow of a doubt that the Bitters are as directly antagonistic to dyspepsia as water is to fire. There are thousands of cases on record proving this fact. The remedy is safe and agreeable. All the liquors of commerce prescribed as stimulants leave a sting behind. But the sting is taken out of the spirituous basis of this great remedy by vegetable medication, and, moreover, the stimulant thus medicated is of exceptional purity. Of all tonics taken as safeguards or remedies for fever and ague, bilious remittent, and other fall epidemics, it is the only one that can uniformly be depended upon.

PERKINS & HOUSE'S SAFETY LAMPS

It is perfectly non-explosive. The light is better than is produced by any other lamp. I believe it to be true economy in view of the safety, the quality and quantity of the light produced, and the durability of this lamp, to throw away all other kinds and use this only.

PROF. W. S. CLARK,
Pres't Mass. Agricultural College.

I know it to be by far the best light we have ever used in our family. I know of nothing that can compare with it. I prefer it to any gas burner I have ever seen. For safety, for economy, and for the perfection of the light, it deserves to come into universal use.

NEW YORK

LIFE INSURANCE COMPANY!

PURELY MUTUAL!

ASSETS.....$17,000,000!

ISSUED 9,925 POLICIES IN 1870.

Insuring Over $27,000,000!

WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.

AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:—

1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the only members.

2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful experiment in the method of conducting its business.

3d. STABILITY AND PROSPERITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.

4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.

5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.

6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately, as cash in payment of premiums.* Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums.*

7th. THE DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.

8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise in more policies, although contrary to claims, are not LEGALLY so. The records of this Company bear many acknowledgments from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

FOUNDED IN THE YEAR 1820.

Adopted Mutual System in the year 1861.

ACCUMULATED CAPITAL OVER.....$16,000,000.
ITS ANNUAL INCOME OVER.....6,000,000.
WHOLE NUMBER OF POLICIES ISSUED TO DATE, NEARLY.....200,000.
NUMBER OF POLICIES ISSUED IN 1870.....11,317.

THE ÆTNA RANKS AS ONE OF THE FIRST COMPANIES IN THE LAND!

IN INCOME, IN ASSETS, IN SOUNDNESS, CHEAPNESS, PROMPTNESS, IN NUMBER OF POLICIES, IN AMOUNT INSURED, IN SOLIDITY AND STRENGTH, AND SUCCESS!

THE AMOUNT OF DIVIDEND A COMPANY CAN PAY ITS INSURED, DEPENDS UPON THE RATES charged for insurance, the AMOUNT of business done, the EXPENSE of doing it, the INTEREST on its investments, the CARE exercised in the selection of its risks, and the TIME when such dividends are paid. In regard to these, as also all other points, the ÆTNA is unsurpassed in advantages by any other Insurance Company in the United States.

The *New York Insurance Monitor* says of the *Ætna*:—"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

The *New York Independent* says of the *Ætna Life*:—"It is to-day one of the *soundest* and most *reliable* Insurance Companies in the United States—every dollar of its assets well secured, more than providing for all liabilities; and it eminently deserves a still greater patronage and the unhesitating confidence of the public."

The bark *Garibaldi* will sail for Hongkong probably on Monday. She carries out 5,514 shs Flour, 4,000 bf shs Flour, 420 shs of old bones, and 160 pkgs of old iron. The total value of the cargo is $26,505.

The Dallas *Republican* says: "A large amount of grain is being sown this fall. It is quite common to hear farmers remark that they have sown from fifty to one hundred and fifty acres, and are still sowing."

Business at Buena Vista is pronounced brisk. Mercantile lines are flourishing. The Pottery of Smith Bros. is turning out large quantities of stone ware.

The *West Side* quotes Wheat at McMinnville, $1 20. Oats, 62c; Hay, $12; Eggs, 37c; Butter, 37c; Potatoes, 75c @ $1; Wool, 28@30c; Pork, 10c; Shingles, $2 25. The same paper says: "Sax & Bangs' saw Mills commenced operations last week. The Commercial Mills are also at work, and from this time on mill news time we will have in the neighborhood of 1,000 bbls for shipment each week."

Buyers up the Valley are offering 40@50 per 100 lbs for pork. As yet not many hogs have been killed, and the pork can scarcely be rated first-class.

Messrs. A. Carothers & Co., of the Albany Soap Works, have produced, it is said, a new and very superior article of soap. The *Register* says of it: "It is warranted to wash the finest or coarsest fabrics, in cold, cool, warm, hard or salt water, without boiling, and will not injure the finest laces; will remove stains of oils, tar, paint or grease, from flannels, blankets, woolens, prints, silks, etc.; and besides has a healing effect on diseases of the skin; obviates the necessity of boiling or blueing, if clothes are dried in the sun."

The real estate transfers in Linn county embrace a list of forty-five transfers, during the week ending Nov. 7, as published in the *Register*. The aggregate of sales from Oct. 11 to Nov. 7 foots up $40,855 34.

A letter from Col. Farrish, dated San Francisco, Nov. 5th, contains the following: "This afternoon I boarded the bark *Willeller*, for the purpose of ascertaining the extent of damage done by the fire. * * * The amount of goods destroyed cannot as yet be ascertained, as they only commenced discharging to-day. It is estimated that fully one-third of the entire cargo is destroyed, or so much injured as to be worthless. * * * I saw in the hold badly damaged cans, groceries, salt and [illegible]. Hardly any of the hull is not injured except a portion at the lower hatchway. They intend, as soon as the cargo is out, to lay her on the dry dock. Among Portlanders here is Mr. S. G. Reed, who has just returned from the East. * * * The steamer *Ajax* could not take all the freight offering, so large an amount is here waiting shipment."

The Chicago fire caused a serious decline in nearly all the securities of the Western cities. In Chicago 7 per cent. bonds there was a fall of 11 per cent., and we noticed a decline in Cincinnati bonds of 4 per cent. This decline was perhaps not more than the average fall in railroad and all other securities, and may be attributed to a stringent money market rather than want of confidence. The funded debt of Chicago is only $14,000,000, and is chiefly held in the Western States. The constitution of Illinois expressly prohibits any increase in the Chicago debt for the next ten years, and bonds of that city may be expected to recover their former value at an early date.

We present the following extracts from the New York *Bulletin's* dry goods report of the 27th ult.:

Trade continues dull, and the jobbing movement to-day has been even less active than during the previous days this week. There is still a fair demand for heavy all brown cottons, though some have been offered by jobbers during the past few days at a shade under quotations. The supply of these goods is not excessive as yet, and it is not likely that any general decline will result from the accumulation of stock. Bleached goods are dull, but rule steady, and are generally jobbing at full quotations.

A very desirable line of wool shawls is offered by M. [illegible] & Co. These goods are of the "Victoria" and "P. P. Dunmore & Sons, of Philadelphia, and include the popular "Imperial" and "Aberdeen" tickets, in ladies' and misses' plaids, and the "Sterling" grays. These brands are offered in the usual variety of styles and form, altogether a very attractive assortment.

A new article of domestic matting has just been put into the market here, and promises to be a formidable rival to the "Canton" and "straw" matting. It is known as Bamboo matting, and is made entirely from flax, rendering it much more pliable than any of the mattings now in use, and much softer to the tread. In addition to this it is said to be very durable, and tests have shown that, [illegible] after [illegible] years, it is in perfect condition after cocoa matting had become unfit for use. As the jobbing prices has been fixed at 60c per yard, it is likely to soon become popular for all uses to which it is adapted.

Foreign Goods.—The market remains without animation, and in the absence of any notable changes in value we have little to record. The statistics given below and in our editorial columns contain much of interest as showing the enormous increase in the importations this year.

The Salem *Farmer* takes notice of the suggestions recently made by the Portland papers in favor of an annual industrial and agricultural exhibition, and makes the following propositions:

To fulfill the demands of simple justice in the matter, and give the people of the Emporium every chance to exercise their ingenuity and enthusiastic energies in that direction, we simply suggest the establishment of an annual mechanics' fair, to be held in that city. Let a society be organized, and let suitable and permanent buildings be erected within the city limits. Let the annual exhibition be given at such a time and in such a spirit as not to conflict with the work of the State Agricultural Society. The members of that Society will sustain it, and the people of the State will give it their support. A work would thus be done that the State Agricultural Society never can do, the welfare of the State would be advanced, and the best of feeling would be secured among all concerned.

SIR: You are hereby notified that I have settled upon and improved (description of land) in the county of ——, State of Oregon, containing —— acres, and that I claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. D. 1871, to the terms of which I hereby fully assent:

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are opened for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company, when brought into market; provided, such settlers shall file in the Land Office of said Company, a written application, giving notice of such settlement, and shall accept the privilege upon the condition that when the price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise, as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)
(Postoffice address.)

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, NO. ——.

This is to certify that ——, of —— county, State of Oregon, has this day filed in this office a pre-emption claim to (description of premises), and is hereby entitled in the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A. D. 1871.

When the price of the above described land is fixed, notice thereof will be sent to the party to whom this certificate is issued, and if the land is not purchased by the said party or the holder hereof, within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed) ——
Land Agent of the E. & O. Land Co.

The lands will be appraised by a competent, disinterested party, under oath, at their actual present value—in fancy or prospective price on the basis of similar lands in the vicinity, and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person, payable in five equal annual instalments, with interest from date of contract, at ten per cent. per annum, principal and interest payable in United States Legal Tender Notes. Warranty deeds given after United States Patent issues, upon payment in full.

Blank forms of application furnished upon request.
I. R. MOORES,
